FINALE ♦ PERSONAL STYLE

Barclay Butera is obsessed with fabric and detail. The furnishings and lifestyle designer owns an eponymous California-based company and creates a line of textiles available at Kravet. When Barclay is not traveling for business, he works with charities and organizations, including the Palm Beach International Fine Art and Antique Fair Design Committee. Barclay, who visits South Florida several times a year, stays at The Brazilian Court when in town and dines at Cucina Dell'Arte, Bice and Club Colette. "There's a home store called Island Home that's terrific, and I also enjoy afternoon walks down Worth Avenue," he says. —*Love them*

DESIGN ICONS "Coco Chanel, who lived in luxury, layered in accessories and found objects—organized clutter but it just worked, and Ralph Lauren. Both are fashion driven but Ralph has changed the way we live, approaching lifestyle for the home and making it livable on many levels."

GROOMING TOOLS Barclay's grooming essentials include Gucci Envy, Tom Ford for Men, Prevrage 30 SPF moisturizer for day and Prevrage MD for night.

JET SET His favorite Paris haunts are Hôtel Costes—"the people watching is a must"—and the Colette store. "It's great for lunch at

the Water Bar downstairs (more than 100 water choices from all over the world). The store is an experience, from custom-designed Colette Adidas, Rolex watches, custom-colored iPods with preloaded local DJ mixes, vintage Dior handbags. The mix of merchandise is an experience in itself."

GARDEN GLORY Barclay's secret passion and talent is gardening. "I love beautiful English and French inspired gardens (with) boxwood hedges, fountains, white roses, hydrangeas, lavender and pea gravel paths."

HEAVY TONES "I am a real magazine reader, and I love fashion and design books because they inspire me and always get my mind and creativity flowing. I just bought the new YSL and Oscar de la Renta books."

KID AT HEART For Barclay, life would not be the same without his friends, business and favorite toys—his Cartier Roadster Chronograph and Jaguar XKR Roadster Coupe. His guilty pleasure? Oreos and milk. "It's a small treat with lots of good memories."

HOME ACCENTS Barclay's Newport Beach home is decorated with found items and collections of clocks, ashtrays (he doesn't smoke) and books, but his favorite item is a

Bang & Olufsen 6 CD player. "It is a piece of art suspended on the wall, which croons great tunes." His favorites include Coldplay, Frank Sinatra and John Legend.
